RUSSIANS VIA ENGLAND A HOAX BY KITCHENER

British Officer Tells How Myth Was Used to Frighten German General Staff.

Correspondence of the Associated Press.

LONDON, February 15.—The famous hoax of the first weeks of war, when a body of Russian soldiers said to number from 100,000 to 200,000 men was reported to have circled around from Archangel, landed in Scottish ports and been shipped through at night to reinforce the British force in France, originated with Lord Kitchener himself, according to a statement made by a British officer to a correspondent of the Daily Dispatch.

It is a noteworthy fact that although the myth spread like wildfire through the United Kingdom, with any number of witnesses to swear they had seen and talked to the Russians in their native language, the press bureau did not issue an official contradiction for a long period.

To Frighten Germans.

The Russian story, says the British officer, was designed to impress the German commanders in Belgium and northern France and to keep them in fear of a surprise either in the rear or on the western flank. It accomplished its purpose, for this dread was real among the German staff, and accounts to some extent for the retreat of Gen. von Kluck from Paris.

To give color to the report, Lord Kitchener is said to have caused a hundred transports laden with sundry goods to be sent from Scottish ports to Archangel, after insuring them in Holland. And when the British troops were moved from various points in Scotland and the north of England to the channel ports, he ordered the blinds of the trains to be lowered so as to arouse popular curiosity and speculation.

G. O. P. Elects 7, Democrats 3 Mayors

PORTLAND, Me., March 2.—Elections in ten cities of Maine yesterday resulted in the choice of seven republicans and three democratic mayors. In Auburn, where the progressives have been in control for three years, the republicans elected Henry R. Porter as mayor. Other republican mayors were elected in Rockland, Waterville, Eastport, Ellsworth, Saco and South Portland. Democratic mayors were elected in Bath, Lewiston and Hallowell.

We Have Never Shown More Charming Wooltex Tailored Garments

Than these Advance Spring Models now displayed

THE picture shows just one of the many smart new suits presenting the correct style features, many of which are inspired by models brought from Paris where Paquin, Doucet and Bernard have produced splendid styles notwithstanding the war's handicap. Many of these effects are reproduced in the new Wooltex suits and coats now on exhibition.

Suit No. 1709

SMART looking suit adapted from Paquin model. The pocket flaps, set diagonally, are outlined by closely set buttons. Rolling collar forms tabs that button down onto the jacket. New circular skirt, yoke trimmed to correspond with pockets on jacket.

WE are particularly gratified in showing and selling Wooltex garments because they possess the double virtue so unusual in women's ready-to-wear garments of combining fashionable styles and colorings with quality and workmanship of the highest superiority.

We always know that the customer who purchases a Wooltex coat or suit will be permanently satisfied with the garment bought, and we are anxious that you should come and look through this Wooltex collection while they are fresh and new and while possession is so much more enjoyable than it will be later, when the new fashions become more common.

Wooltex garments are absolutely correct in style but never extreme. They delight the purchaser when first worn because of their elegance of materials, their refinement, their superb lines and the splendid tailoring which not only makes them good-fitting, but insures permanence to the shapeliness of the garments.

The new Wooltex suits are shown in many beautiful models at \$25, \$30 and \$35.

Wooltex coats, \$18.50, \$20 and \$25.
